Horrible Fate of Eight Year Old Irene Hughes Left at Home Alone, Yesterday.

Little 8-year-old Irene Hughes, daughter of Mr. and Mrs. Irene Hughes, Perry Avenue, was left at home yesterday morning by her mother, who went out to do some shopping.

The child was cautioned to stay in the house and while waiting for her mother to return, her clothes caught fire in some unknown manner.

She came flying out of the front door into the street a mass of flames and screaming piteously. James Klineau, who lives across the way, saw her come from the house and with great presence of mind he picked up a blanket and dashed out his own door after her.

He caught her down the street and wrapped the blanket round her, smothering the flames. The child was soon taken to her home and Dr. Stanton was summoned. He declared her to be fatally injured, but succeeded in alleviating her sufferings until death came at midnight.

A HUMAN LEG FOUND.

It Had Been Amputated and Carelessly Thrown Away.

Some small boys found a decomposed human leg in the rear of Keler and Van Dyke's piano factory yesterday afternoon. Patrolman Kurins was notified and he in turn notified police headquarters.

The limb was removed to Baub's undertaking establishment and examined closely. It had undoubtedly been amputated, the undertaker says because there is a wound at the ankle which would necessitate amputation and because the cut at the knee is nearly done with a day of skin cut away all around, as is done in amputation. It will be buried today.
